

## Mock Job Fairs in the Federal Bureau of Prisons

Many inmates are unfamiliar with job search, application, and interview techniques. Mock job fairs gather employers and related service agencies together in an interview and information format to allow inmates job interview experience as well as an opportunity to solicit job market information and contact opportunities that can lead to job interviews, further education and training options, and provide access to community services upon release from prison.

As partners, we encourage you to assist the Bureau of Prisons in this effort and invite you to contact the Point of Contact in the table below for your local area to determine how you can participate or assist in the scheduled Mock Job Fair.

### FEDERAL BUREAU OF PRISONS 2009 MOCK JOB FAIRS
